SYNOPSIS	<p><u>Season 3</u> Before there were parenting blogs, trophies for showing up and peanut allergies, there was a simpler time called the '80s. For geeky Adam Goldberg, these were his wonder years, and he faced them armed with a video camera to capture all the crazy. Barry and Erica get into some "risky business," Adam uses "Weird Al" Yankovic and magic to his advantage in dating, Murray learns to dance and Beverly begins a new "Super Hanukkah" tradition. The Goldbergs are a loving family like any other – just with a lot more yelling.</p> <p><u>Season 4</u> The VCR-loving, mixtape-making, spandex-wearing Goldbergs are back! For geeky and movie obsessed youngest child Adam, his wonder years were spent documenting the hilarious and awkward antics of his colourful family. This season finds the siblings fighting off huggies, snuggies and nubbies as they navigate what it means to grow up as a Goldberg.</p>
